+6281386277419 | edgar.hadhyra@gmail.com | www.linkedin.com/in/edgar-hadhyra-julio | https://github.com/Edgar871 | East Jakarta 13910

A fresh graduate from Politeknik Negeri Jakarta, majoring in Informatics Engineering with a Bachelor of Applied Science. Experienced as a Software Engineer with a focus on becoming a Full Stack Web Developer. Quick to adapt, highly motivated to learn, and open to acquiring new skills. Works efficiently while taking full responsibility for assigned tasks. Objective and thoughtful in decision-making, always ready to face new challenges.

Work Experiences

PT Mesin Isuzu Indonesia - Bekasi   Apr 2024 - Present

Information Technology *(Internship)*

- Developed the digitization blueprint for the General Affairs department, including designing the database structure and business process workflows.
- Built various applications for General Affairs, such as a meal and overtime request application, and a vendor work permit request application for the Environmental, Health, and Safety (EHS) team, utilizing PHP 8.2, Laravel 10 framework, MySQL database, and Bootstrap.
- Assisted the Human Resources department in creating an employee attendance and payroll recap system using Excel Macros and Visual Basic for Applications (VBA).
- Supported the Quality Control department in developing an approval system for digital signatures using Excel Macros and VBA.
- Aided in the migration of applications to a new server by adjusting application configurations to ensure compatibility.

Badan Pusat Statistik Republik Indonesia - Jakarta   Aug 2023 - Nov 2023

Full Stack Developer *(Internship)*

- Build a data center monitoring system website application: using technologies such as Mysql, Codeigniter 4, Bootstrap, etc
- Optimizing Website Performance: Enhance the loading speed by compressing chart, minimizing CSS and JavaScript files, and utilizing browser caching for an improved user experience..
- Continuous Monitoring: Post-maintenance and deploymeny, regularly monitor the website's performance and gather user feedback to promptlyaddress any emerging issues and ensure ongoing optimization.

Yayasan Amal dan Sosial Media Insani - East Java   Sep 2021 - Dec 2021

Web and Apps Development *(Internship)*

- Update Content: Ensure all website content, such as text, images, and multimedia, is up-to-date and accurate. Update any outdated information and verify that links are working correctly.
- Monitor Website Performance: After the maintenance, keep monitoring the website's performance and user feedback to address any further issues that may arise.
